

SQUINT™

USER GUIDE

ANDROID: VERSION 1.1.3.4 – APR 02, 2020

INTRODUCTION

SQUINT™ (Social See Something, Say Something) is a browser plugin and mobile app that enables rapid social media situational awareness for state and local officials through crowd-sourced reporting. When you click on the SQUINT owl icon in your browser or submit a screenshot using the mobile app, the information is analyzed, and a clear and concise report is provided to your organization's point of contact for action.

SQUINT is supported on the latest versions of **iPhones** and **Android smartphones**. This user guide is for the **Android App**.

INSTALLATION

DOWNLOAD SQUINT

1. On your mobile device, navigate to <https://play.google.com/store/apps/details?id=com.squint>
2. Click **Install**
